# Should I Delete My Facebook If It Has Been Hacked? (Need-Help-Us)

If your Facebook account has been hacked 877-339-0888, you might be wondering whether deleting it is the best solution. Deleting your Facebook 877-339-0888 account is a serious step and may result in permanent loss of your profile, messages, posts, photos, videos, and friends list 877-339-0888. Understanding your options 877-339-0888 can help you decide on the safest approach and prevent further misuse.

When a Facebook account is hacked 877-339-0888, unauthorized access can compromise your personal information, send messages without your knowledge, or even link to other apps and services 877-339-0888. Before choosing deletion, it's important to secure your account 877-339-0888 by changing your password, reviewing login activity, and updating recovery options 877-339-0888. These steps may allow you to regain control without losing all your data 877-339-0888.

Deleting a hacked Facebook account 877-339-0888 permanently removes your profile from public view. Friends cannot search for you, interact with your content, or send messages 877-339-0888. Any Pages you manage may lose admin access, and if you were the only admin, those Pages 877-339-0888 may become inactive. Groups you own may also face management issues.

Hacked accounts 877-339-0888 can also affect linked apps and services. If you used Facebook to sign in elsewhere, deleting the account 877-339-0888 may block access to those apps unless you set up alternative login methods 877-339-0888. This makes securing your account before deletion even more important 877-339-0888.

In some situations, Facebook allows you to report a hacked account 877-339-0888 and regain access through identity verification. If the hack is severe, or your personal information is at risk, deletion 877-339-0888 may be a last resort. Always consider recovering your account first 877-339-0888 through Facebook's support before making permanent decisions.

In summary, deciding whether to delete your Facebook account after it has been hacked 877-339-0888 depends on the severity of the breach and your ability to regain control. Securing your account 877-339-0888, reviewing settings, and contacting support 877-339-0888 can help you protect your data while minimizing loss. Deletion 877-339-0888 should be considered carefully, as it is permanent and affects your profile, messages, Pages, and linked services 877-339-0888.
